INSURANCE/FORENSIC/LEGAL

Through our specialist division, Forensic Engineers International, we have developed specialist teams that provide:

- Full service litigation
- Consulting engineering
- Scientific investigations,
- Interpretations and opinions to assist legal firms, insurance companies and commercial corporations.

Our forensic engineers are experienced particularly where there are conflicting views as to how a loss event occurred and, therefore, **INCODE** can help in not only assisting with establishing the causation in a loss event but also in resolving issues that may arise in the technical and engineering fields in terms of the law and in terms of the insurance policy/contract applying to the loss incident in question.

Personal injury claims throughout the world are growing at a rapid rate and **INCODE** provide thorough testing, investigating and reporting services for all personal injury and liability cases.

Industries we work within include:

- Structural
- Civil
- Mechanical
- Electrical/electronic
- Hydraulic
- Geotechnical
- Chemical
- Petrochemical/Petroleum
- Production Engineering
- Environmental
- Metallurgical/Corrosion
- Marine
- Transport/Automotive
- Fire Prevention
