ENGINEERING CONSULTING & DESIGN SERVICES

We are experienced in progressing a diversity of projects from concept to completion. We design with skill and imagination, turning original ideas into reality. Whether your requirement is for original design, or detailing for manufacture, **INCODE** responds with quality and commitment.

A team of highly experienced professional managers and engineers underpin our consultancy services. Our services may be employed from the initial feasibility studies through to site acquisition, finance/funding, evaluations, design, cost estimating to finally the construction and final commissioning of the works.

The company is able to provide management, engineering, specialist services and expertise in the following:

- Project Feasibility Studies;
- Dilapidation and Preconstruction condition surveys
- Site Investigations and Acquisition;
- Design and Design Detailing;
- Estimating and Cost Analysis;
- Project Finance/Management and Appropriation;
- Contract Negotiations;
- Authority Planning Building and other Approvals;
- Environmental Impact Studies;
- Planning and Scheduling;
- Detailing for Fabrication and Construction;
- Construction and Project Management;
- Operation and Engineering Plant Inspections;
- Safety Audits and Risk Assessment Studies;
- Project Commissioning;
